

Add and Manage Products

This article applies to:

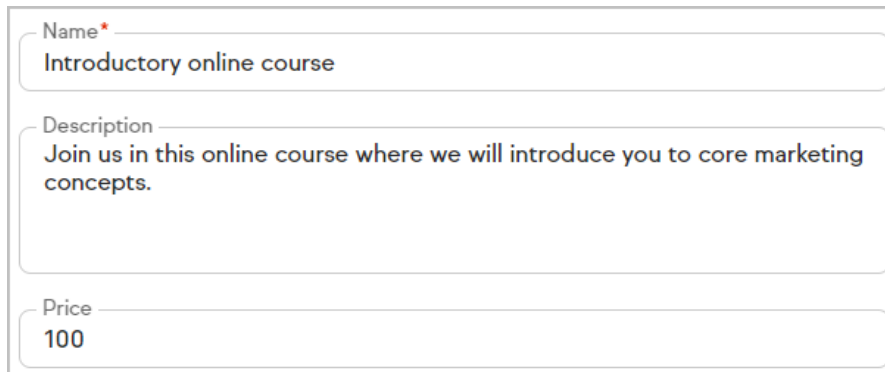

1. Navigate to **Settings**

2. Click **Products and services**

3. Click **Add a product or service** to create a new item or click **Edit** on an existing item to update it
4. Enter a product name, description and price

A screenshot of a product form. It has three input fields: 'Name' with the value 'Introductory online course', 'Description' with the value 'Join us in this online course where we will introduce you to core marketing concepts.', and 'Price' with the value '100'. The 'Name' field has a red asterisk indicating it is required.

5. Click **Add** or **Save**

Please Note: You can view a limit of 150 products in your application. You can add more, but they will not be viewable.
