Keap Payments now WePay, a Chase Company

We've partnered with WePay since 2015 to bring customers a reliable payment processing option. This week we updated branding throughout Keap to reflect the WePay brand. We want to give our customers greater confidence that their business' transactions are safe with Chase's best-in-class fraud and risk management systems, online fraud detection, and lower decline rates. [Learn more.](#)

Bug Fixes

- Invoices were not displaying a payment history unless a refund had been made.
-
