

May 2020 Product Recap 🍷

This article applies to:

Between integrating with Outlook Calendar, launching the Keap mobile app in the UK, and introducing multi-line call forwarding for Keap Business Line, May was a big month.

- We're excited to announce that Appointments now works with Microsoft Outlook Calendar. Start inviting your contacts to meet today!
 - Drum roll please.. The Keap mobile app is now available in the UK! Organize your contacts, tasks, and appointments across your mobile and desktop with ease.
 - In a speed-to-lead world, urgency counts. Use Keap Business Line to forward your calls to up to 5 people. *(US Only)*
-
