## Keap Business Line and Messages are now available in Canada!

We're excited to bring the power of Keap Business Line to Canada (which unlocks the Messages feature, too). With Keap Business Line, you can stop sharing your personal number with business contacts, and keep all of your calls and texts organized in one place. Bonus! You can manage your text messages from your phone or your desktop with Messages. [Learn more.](#)

## Bug fixes

- Designing a web form with an “Other” field snippet to create a new custom field resulted in various issues, such as overlapping text, inaccurate drop-downs, and the created field not being added to the web form. ([Known Issue 2086401](#))
