This article applies to:

The Social Share Settings in the landing page builder give you a simple editor to format your landing page preview without the need to know Facebook’s Open Graph markup language. A social share has four components:

- Image
- URL
- Title
- Description

Pro-Tip! Click here to view Facebook’s best practice guide in order to learn things like how to optimize your image for the highest viewing quality!

1. To view your current Facebook Share, navigate to the landing page builder and open the Settings menu

2. Click Social Share Settings (Opengraph)
3. Enter a title, URL, and description

4. Click **Add an image** to select an image from your Company Images or upload one from your device

5. Click **Done**

6. Publish your landing page

7. Share your landing page link on social media
