Easy Automations update: Create a new Pipeline deal (Keap Pro)

Pro users, streamline your sales process with the addition of the "Create a deal" automation. Find it in the "Then" actions in your Easy Automations options. You can select your Pipeline stage, name your deal, add a deal value, and assign it to a specific account user.

Bug fixes

- Decimal, Percent, and Currency custom company fields defaulted to 0 instead of remaining empty if users didn't enter a value.
-
