## Keap mobile app update: Group messaging is here

Using the Keap mobile app, you can message up to three contacts in a single text message from your Keap Business Line. Everyone is in the same threaded conversation so you can all be on the same page, eliminating the need to copy and share replies between texts. [Learn more.](#)

## Bug fixes

- Drop down menus in the Campaign Builder's Create Task process and custom field menus were not opening for some users. ([Known Issue 2343280](#))
