

September 10, 2021 | Keap[®]

This article applies to:

Get marketing text permission right from a public form

When sending a contact their first marketing text message, that message is preceded by an opt-in text that will ask the contact if they want to receive messages from your business. Now, you can offer new leads the option to opt-in for marketing texts on a public form instead. [Learn more.](#)

Bug fixes

- Duplicate Appointments Display after Switching Providers
 - Keap Business Line's Availability Schedule and Auto-Reply fail to send auto-responses in off-hours or prevent notifications
-
