

Request a call from our Support team📞

This article applies to:

Don't want to wait in a phone queue for help? Instead, you can receive a call back from one of our great technical support people. Just follow the steps below to see how.

1. Click the help icon at the bottom left of the page in Keap

2. Click the **Contact customer support** option in the *Help and support* side panel
3. You will have the option to start a live chat with a support person or get a call back from a support person. Just make sure the correct phone number is listed and click the **Call me back** button
