

# Search and sort Easy automations

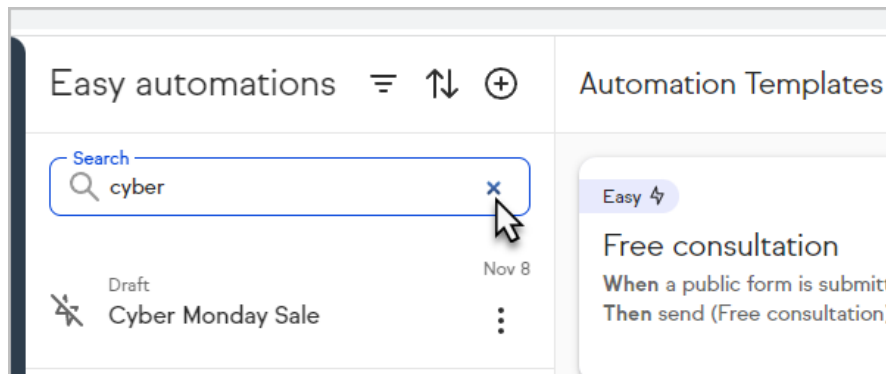

This article applies to:

We've added a new search and sort feature to help you quickly find your Easy automations.

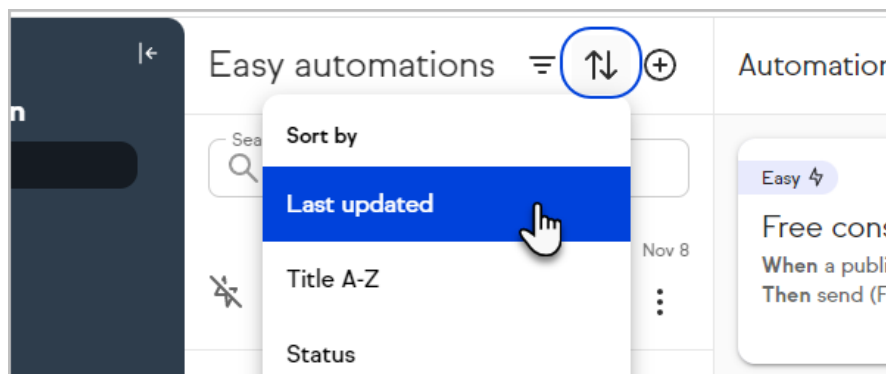

1. While viewing your Easy automations, you can use the search box to search for the title of the automation

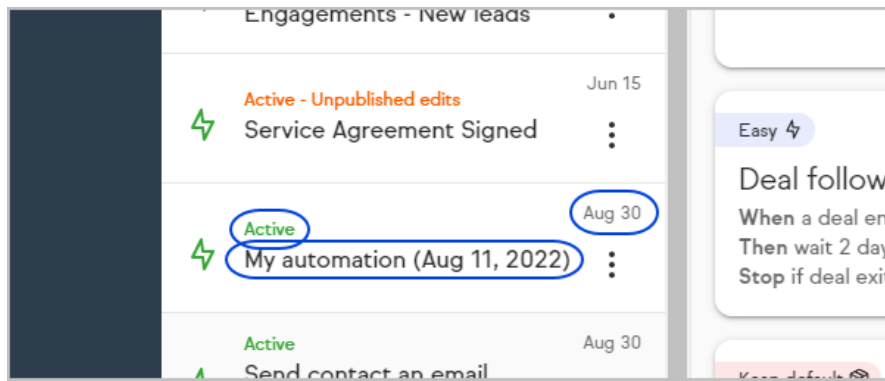

2. You can clear the search by clicking on the "x" button

3. You can also sort your automations by Last updated, Title A-Z, and Status.

1. Last updated will sort your Easy automations based on the last updated date
  2. Title A-Z will sort alphabetically based on title
  3. Status will sort based on the current status of your automations (e.g. Active, Active - Unpublished edits or Draft).
