

Solution Launchpad - support for Landing Pages[®]

This article applies to:

This document outlines what is included when a landing page is installed from one app to another, using Solution Launchpad.

1. [What's included?](#)
2. [What's NOT included?](#)
3. [Landing Page Dependencies](#)
4. [Behavior Notes:](#)

What's included?

The following data is included when installing a landing page:

- Page and all sub-pages
- All content / blocks

What's NOT included?

The following data is **not** included when installing a landing page:

- Favicon
- Google Analytics Tracking ID
- Facebook Pixel ID

Landing Page Dependencies

When configuring a landing page, it's possible to reference or embed other items, which will also be included in your install. Supported dependencies:

- [Files and Images](#)
- [Forms](#)
- [Checkout Forms](#)
- [Embedded Appointment Link](#)
- [Items referenced via URL](#)

Behavior Notes:

Published status of the installed landing page will match the source app.
