

# Solution Launchpad - support for Checkout Forms<sup>®</sup>

---

This article applies to:

This document outlines what is included when a checkout form is installed from one app to another, using Solution Launchpad.

1. [What's included?](#)
2. [What's NOT included?](#)
3. [Checkout Form Dependencies](#)

## What's included?

The following data is included when installing a checkout form:

- Form name
- Form headline
- Custom fields
- Style settings

## What's NOT included?

The following data is **not** included when installing a checkout form:

- Payment processing settings
- Products
- Promo codes
- Upsells
- Company logo (uses logo in destination app settings)
- Automation associated with the checkout form

## Checkout Form Dependencies

When configuring a checkout form, it's possible to reference other items, which will also be included in your install. Supported dependencies:

- [Contact Custom Fields](#)

- [Items referenced via redirect URL](#) (Public Forms only)
-
